

WE ARE HIRING

- **Job Title:** IT Solutions Architect
- **Location:** Accra, Ghana
- **Job Type:** Full-Time
- **Application Deadline:**
April 15th, 2025 - 23:59 GMT

About Us

Noldith is a fast-growing IT consulting, services, and sales company operating in both the United States and Ghana. As a Microsoft Partner, we specialize in IT consulting, cloud computing, government contracting, and software/hardware sales.

Job Description

Noldith is seeking a highly skilled IT Solutions Architect to lead the design, implementation, and management of IT solutions for our clients. This role will also take on key responsibilities related to **project management** and **business development**, ensuring seamless project execution and customer engagement.

Key Responsibilities

IT Solutions & Architecture:

- Design and implement scalable IT solutions aligned with client needs
- Develop cloud-based solutions leveraging Microsoft technologies and other platforms
- Ensure system security, compliance, and performance optimization. Provide technical leadership for IT projects and client engagements

Project Management (IT Services):

- Oversee IT project execution from initiation to completion
- Define project scope, deliverables, timelines, and budgets
- Manage cross-functional teams and coordinate with stakeholders
- Monitor project risks, quality, and progress to ensure on-time delivery

Sales & Business Development:

- Identify business opportunities and develop sales strategies for IT services
- Work with clients to understand their technical requirements and propose tailored solutions
- Assist in developing proposals, pricing models, and contract negotiations
- Foster relationships with potential clients and government agencies for contract acquisitions

WE ARE HIRING

- **Job Title:** IT Solutions Architect
- **Location:** Accra, Ghana
- **Job Type:** Full-Time
- **Application Deadline:**
April 15th, 2025 - 23:59 GMT

Required Qualifications:

- Bachelor's degree in computer science, Information Technology, or a related field
- Minimum of 5 years of experience in IT architecture, project management, or sales
- Strong expertise in cloud computing, networking, and cybersecurity
- Experience working with Microsoft solutions (Azure, M365, Dynamics 365, etc.)
- Ability to manage IT projects from inception to execution
- Excellent communication, problem-solving, and leadership skills

Preferred Qualifications

- Microsoft certifications (Azure Solutions Architect, M365, or Dynamics 365)
- Experience with government contracting and proposal writing
- Strong business development and client management experience

How to Apply

Interested candidates should submit their resume to jobs@noldith.com with the subject line ***"Application: IT Solutions Architect – [Your Name]"***.
